

IFMA, Toronto Chapter, and the BOMA Toronto CDM Program Cooperate on Conservation

February 11, 2010

Media Release

The BOMA Toronto Conservation & Demand Management (CDM) Program and the International Facilities Management Association (IFMA), Toronto Chapter, are pleased to announce their cooperation in bringing energy conservation information, education and cash incentives to the membership of IFMA.

The BOMA CDM Program fully supports the efforts of IFMA in their efforts to bring energy conservation initiatives for the more effective management of their member's facilities.

BOMA CDM representatives will be in attendance and supporting the upcoming IFMA - Energy Matters Seminar and be available to discuss the full range of Conservation Demand Management (CDM) incentives that are available for building retrofits.

To schedule a meeting with BOMA CDM, please contact:

Program Director R. Wayne Proulx,

(416) 440-0101

For additional IFMA-related details regarding the Energy Matters Session, please contact:

Iris Spitz, Administrator, IFMA (Toronto Chapter)

(416)346-4729

*The **BOMA Toronto CDM Program** has been contracted to deliver electricity conservation to the Ontario commercial real estate market as part of the Ontario Power Authority's larger plan to deliver 6300 megawatts of electricity reduction in Ontario from various sources. The available incentives, capped at 40% of the eligible projects costs, are for on-peak demand, annual consumption or cooling ton reduction. The Program is designed to maximize participation by the avoidance of both 'process' and 'contractual' complications and the quick delivery of incentive payments.*

^{OM} Official mark of the Ontario Power Authority.
